OUR COVER

Old Dobbin comes to the polls, with four generations. With Della Washburn at the controls, her mother, Mrs. Chauncey Chesbrough and Mrs. Washburn's grandson, Stephen Washburn Stone.

Making four generations is Mrs. Washburn's son, Porter, standing in the center of the picture, at his left is Mr. Estabrook, the tax collector at that time, also the Chief of Police Stanley Flagg, behind the horse.

TOWN WARRANT

State of New Hampshire

To the Inhabitants of the Town of Mason in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Mason Town Hall in said Mason on Tuesday, the 12th day of March next at one of the clock in the afternoon, then and there to bring in your ballots for the following town officers: The polls are to close at 7:30 P. M. of the same day.

Town Clerk for one year: One selectman for one year: One selectman for three years: Town Treasurer for one year: Tax Collector for one year: Highway agent for one year:

And at eight of the clock in the afternoon of the same day, at the same place, to act on the following subjects:

1. To choose all necessary Town Officers, not chosen by the non-partisan ballot, for the ensuing year.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.

3. To see if the town will vote to authorize the selectmen and town treasurer to borrow money in anticipation of taxes, or take any action relating thereto.

4. To see if the town will vote a discount on taxes paid on or before a certain date, or take any action relating thereto.

5. To see if the town will authorize the selectmen to sell any real estate or growth thereon, now owned by the town, if they with a majority of the financial board think it advisable, or take any action thereon.

6. To see if the town will vote to have all unexpended balances, except the school balance, of all previous appropriations and all other monies received during the previous fiscal year returned to the general fund, or take any action relating thereto.

7. To see if the town will vote to petition the State Tax Commission to have an audit made of all town records, by the division of Municipal accounting, and make an appropriation to cover the expense of such an audit.

8. To see if the town will allow the Tax Collector compensation for collecting the State Head Tax, and fix the amount at 8%, or take any action relating thereto.

9. To hear the reports of Agents, Auditors, Committees and Officers heretofore chosen and take any action relating thereto.

Given under our hands and seal, this 25th day

of February, in the year of our Lord nineteen hundred and fifty-seven.

RAYMOND C. AKERMAN

REPORT OF SELECTMEN

We are glad to report that the Town has an excess of assets over liabilities of \$1,991.50 at the end of the year.

The Financial Board recommends a budget of \$12,938.36 which is \$1,658.00 less than last year, however, the schools will require an increase of more than \$6,000.00. Also the County tax is expected to increase so that the total amount to be raised by taxation will be considerable more than last year.

We feel that some revenue can be realized from the land we own if the timber was cut. We have had the County Forester look over the Hall lot and he recommended that some thinning could be done and there is a little timber on some of the other lots. We believe that the Orvin Elliott place should be sold as soon as possible. We have an article in the warrant so that you can take any action you see fit.

Respectfully submitted,

RAYMOND C. AKERMAN

PAUL G. ROBBINS

TRACY A. EATON

Selectmen of Mason

REPORT OF LIBRARY ACTIVITIES

Mason Public Library has had an important year because of an outstanding event: the extension and improvement of our building—giving us additional floor area measuring approximately 8 feet by 10, and wall space sufficient to house all the books for children and young people as well as allowing for an excellent exhibit surface. With more shelves available for adult books in the front portion of the room, and with the new, back portion dedicated to the children's use, we have been able to divide our work more clearly into its two functional parts, and congestion and confusion have been greatly relieved. The necessity of providing an additional exit, as a safety measure, gave us a little door into the corridor leading to the Parsonage and to the sheds. With the kind permission of the Church we have installed additional shelves along the corridor for the storage of books and magazines not required for ordinary circulation; this, and the welcome convenience of keeping our janitorial necessities outside the library proper, has substantially increased the feeling of space and orderliness. The necessity of providing better light for the new portion gave us an additional window and the chance to create beneath it an inviting seat where children and parents may read or look at books within the library. By sawing in two the shelves which divide the room, and by renovating a monstrous discarded bookcase, we were able to house the books within the new area without having to invest in new shelving. In fact, we furnished this area completely by introducing numerous old unwanted things to some magic paint called Tulip Red and a few pixilated paint brushes. But the big, fundamental necessities were substantiated through the generosity and interest of the people of Mason. First, the special two hundred dollar appropriation from the town took care of the lumber, the new lighting fixture and some of the paint. Then, the volunteer labor of a number of townsmen (and here we salute in particular our three versatile Selectmen) brought

into being the proposed construction. Generous gifts of money and actual equipment provided us with such requisites as adequate heating and a covering for the floor. Finally, gifts of every description came pouring in, expressing the whole-hearted enthusiasm of all. We celebrated Book Week this year with great gratitude and rejoicing. On Saturday, December 1st, we held Open House. About fifty people dropped in that day, and we have been welcoming interested visitors ever since.

For contributions of much time and labor we are sincerely grateful to: Mr. Akerman, Mr. Eaton, Mr. Robbins, Mr. Rowse, Mr. Newell, Mr. Alfred Spear, Mr. Guy Washburn, Mr. Valyou, Mr. Kivimaki, Mr. Dunham, Mr. Williams, and Douglas Stuart. For gifts of equipment we heartily thank: Mr. and Mrs. Leino, Mr. and Mrs. Winters, and Miss Voorhees. We deeply appreciate donations of money from: Mr. Langdell (for the Veterans), Miss Gonne, Miss Carruthers and Miss Helen Crathern. For presentations of books we are indebted to: Miss Adshead, Mr. C. W. Anderson, Mrs. Baker, Mrs. Goldsby, Mr. and Mrs. Leino, Mrs. Ott, Mr. and Mrs. Rajala, Miss Voorhees and Mr. Wildes—and to: Mrs. Inger Boye of the Highland Park Public Library, Highland Park, Ill., Dr. E. A. Colvin of Brookline, Mass., Miss Eileen Colwell of The Hendon Library, London, England, Miss Norma Fryatt of The Horn Book, Boston, Miss Virginia Haviland of Boston Public Library, Mrs. A. T. Howard of Lincoln, Mass., Mrs. George R. Jones of Chicago, Ill., and Mrs Esther Meeks of Wilcox & Follett Publishing Co, Chicago. The Townsend Times continues to come to us, by courtesy of its publishers. The Milford Cabinet is given us each week by Mrs. Crathern. Our subscription to Treasure Trails also continues, through the kindness of Miss Marjorie Barrows of Chicago. And we happily receive, now and again, copies of fine magazines from various interested friends. A very touching little gift came from across the sea to the children of Mason Public Library from the children of Hendon Library, Lon-

don, who bought with their pennies a truly beguiling Peter Rabbit complete with blue jacket and cotton tail, for our new children's section.

We have acquired more than 300 books this year, 280 of which were given. Our total circulation was 2063, of which 1781 were books borrowed by children. We have borrowed approximately 500 books from the Bookmobile, and approximately 100 from Concord. We have continued working in association with the school, regular use of the library being included as part of the school program. We have lately been keeping the library open longer on Friday afternoons to accommodate the high school students. Again, we lent a number of books to the Vacation Bible School.

Since the event of our enlargement we have sensed a new growth of interest, and felt the beginning of a new attitude toward the library which was expressed almost immediately by the children's proud and frequent use of the possessive "our": "our" books, "our" table, "our" — everything! More adults have been coming, and lingering a little longer than before. There is a more leisurely atmosphere. There is more browsing among the books, more relaxed talking about books both by children and adults. And as for us, we find ourselves more and more loathe to leave our gay, cosy little place of work at closing time! The average weekly circulation has shown a marked increase and a wider variety. We keep seeing new possibilities for more varied activities opening before us, and new opportunities for broadening the scope of our services. We feel that our library is ready, now, to enter more fully into the life of our community, to serve more people in more ways than before. It is our hope that we may make some of these possibilities realities during the coming year, and, supported by the new interest and the growing attitude toward the library as a place to which young and old

love to come, we are eager to make use of our new opportunities.

Respectfully submitted,

ELSIE A. RESOR

REPORT OF FIRE DEPARTMENT

Although there were only two fires in Mason during the year 1956, total damage amounted to more than

\$4,700.00. The bulk of this, \$4,000.00, was reported by Eugene G. and Cyril E. Pomerleau of Whalom, Mass., when a blaze entirely consumed their summer camp on old Ma on road the night of Oct. 15. The building, valued at \$3,000.00 and contents, worth 1,000.00 were a total loss. Insurance on the building was \$2,500.00. Cause of the fire was undetermined.

On July 10th fire from defective wiring damaged the farmer's residence at the home of Richard M. Ott on Townsend road to the extent of \$512.00. Contents to the extent of \$189.00. They were fully covered by insurance. The reason why the total number of fires was far lower than in other years is due to the fact that there are a dozen Indian pumps strategically located throughout the town. Five of these were purchased with funds raised by 4-H boys two years ago and the remaining seven by individual citizens. They were obtained at a cost of about \$10.00 each, by taking advantage of the town's purchasing privilege. The quick use of these plus the care shown by all citizens in preventing fires or quelling incipient blazes is the reason for keeping the fire total low. The town deserves a pat on the back for its consistent awareness of the ever-present danger of fire.

We especially wish to thank the firemen of Greenville and Townsend for prompt and efficient assistance when called upon.

During the year I issued one permit for the installation of one power oil-burner and one for bottled gas.

CURTIS V. DUNN

Chief

REPORT OF FOREST FIRE WARDEN

The summer of 1956 was very dry, and with the won-

derful co-operation of the townspeople, we had no Forest Fires.

Keep up the good work and call up and get your Permit to burn out of doors. Our Town Laws require that no Fires are permitted out of doors without a permit.

Issued 40 Permits this year. Report all Fires and smoke to the Fire Warden without delay.

Respectfully submitted,

JAMES BELL

Forest Fire Warden

REPORT OF THE PLANNING BOARD

The Planning Board wish to report, that they have had several meetings of the committee and one public meeting, and recommend the following Building code. Also that the zoning regulations will be issued in mimeograph form before the Town Meeting for your consideration.

Proposed Building Code

In order to maintain the health, safety, convenience, morals, future beauty and general welfare of the Town of Mason, the following ordinance was enacted this 12th day of March 1957.

All residential dwellings built, or buildings converted for residential purposes, within the boundaries of the Town of Mason, shall meet the following standards:

1. Shall have a masonry foundation.
2. All structures shall be of standard construction.
3. The chimney, if constructed, shall be of some masonry material; shall contain a flue lining; shall be set up on a suitable footing in the ground; and shall extend

to a height at least two feet greater than the immediate adjoining roof.

4. A suitable permanent outside finish and a non-combustible roof.

5. A system of sewage disposal, consisting of privy, cesspool or septic tank, located at least seventy-five (75) feet from any wells and adjoining property.

Enforcement:

1. Enforcement shall be the duty of the Board of Selectmen, and the Board is given the authority to enforce the provisions of this ordinance.

2. There shall be a qualified resident Inspector of Buildings, appointed by the Board of Selectmen.

3. The Building Inspector shall issue any and all building permits when such request is in accordance with the provisions of this ordinance. The fee for such permit shall be \$1.00 payable to the Inspector.

4. After passage of this Ordinance it shall be unlawful to erect any building or alter in excess of \$400.00 any building, in the Town of Mason without first obtaining a building permit from the Building Inspector.

5. Upon well founded information that this Ordinance is being violated, the Selectmen shall, on their own initiative, take immediate steps to enforce the provisions of this Ordinance by legal means.

6. Two years shall be granted to comply with this Code after permit is issued.

Amendments:

This Ordinance may be amended by a majority vote of any legal Town Meeting, when such amendment is published in the Town Warrant calling for the meeting, and when such amendment has received a Public Hearing,

which hearing has been advertised and given fifteen (15) days notice.

Saving Clause:

The invalidity of any provision of this Ordinance shall not affect the validity of any other provision.

When Effective:

This Ordinance shall take effect upon passage:

ADOLPH RAJALA
HAROLD FORREST
FRANK COYNE
TRACY A. EATON

Committee

**REPORT OF COMMITTEE ON
LIBRARY BUILDING**

While we have not made much progress in securing funds for a new Library building, we feel that as a few are interested, it would be of value to keep trying for more funds. Our present Library room is small and the need for a place to keep our town records that would be safe from a fire, makes the need of a suitable building very desirable.

Thanking those who have shown an interest and hope more will.

ACTION TAKEN AT 1956 TOWN MEETING

Article:

1. Meeting and polls opened by moderator at 10 A. M. Motion made and carried to postpone action on all Articles until 8 P. M.

2. Meeting opened and polls closed by Moderator at 8 P. M. Appropriated \$10,154.63 for Town Budget as outlined

Charles F. H. Crathern elected Trustee of Trust for 3 years; Conray Wharff elected Trustee of Cemetery for 3 years; Elsie Resor elected Trustee of Library for 3 years.

\$200.00 appropriated for Library.

\$2,500.00 appropriated for highways and bridges. Motion to take up Articles in order.

\$587.36 appropriated for T. R. A.

\$1,000.00 appropriated for partial sealing of hard top roads

3. \$250.00 appropriated for care of cemeteries.

4. \$100.00 appropriated for Memorial Day. Carl Vail you as chairman.

10. Authorized borrowing \$15,000.00 in anticipation of taxes.

11. \$225.00 appropriated for street lighting.

12. Voted 2% 30 days discount on tax bills.

13. \$100.00 appropriated for control Dutch Elm disease.

14. Selectmen authorized to sell to former owner only Real Estate bought at Tax Sale.

15. Sale of Real Estate owned by Town not authorized.

16. \$200.00 appropriated for insuring Town Employees.

17. Voted to have all unexpended balances of Town Appropriations—excluding School and Veterans' Memorial—returned to the General Fund.

18. \$500.00 appropriated to erect war memorial.

19. Indefinitely postponed.

20. \$34.00 appropriated for Monadnock Region Association.

21. Voted 8% of Town's 10% allowance to Tax Collector as compensation for collecting Head Tax.

22. Appropriated \$500.00 for graveling and draining Town roads.

23. Appropriated \$25.00 for Old Home Day with Lee Wildes for chairman.

24. \$200.00 appropriated for enlarging library.

25. Indefinitely postponed.

26. Covered by action taken on Article 2.

27. Authority granted citizens to call any fire department in case of emergency.

28. Advisory financial committee created of 5 members. Specific programs of action to be suggested and presented at future Town Meetings.

29. Indefinitely postponed.

30. Indefinitely postponed.

31. Not passed.

32. Combined with and acted on as Article 28.

33. Indefinitely postponed.

34. Planning Board established—5 members.

35 and 36 to be submitted to the Planning Board who will present subject and recommendations at future special or Town Meeting.

37. Reports read and accepted.

REPORT OF SCHOOL NURSE

This school year has been a busy one yet there has been no communicable disease among the children at the Mason Public School. There have been many colds but only one case of pneumonia and no measles. The cooperation of the parents has been excellent and has helped a great deal in keeping down the spread of communicable disease.

The Mason School Club sponsored the dental clinic again this year and furnished transportation for the children to go to Wilton for treatment and examination at the office of Dr. Earl Roy. The funds were again matched with the State Dental Department so that this work may be continued during 1956-57. This is a teaching project and it is hoped that the parents will insist that the progress being made in the care of the children's teeth be maintained and that future work will be done so that the teeth of the children of the future will be much better.

Another project that was again to the fore this year was the administration of the Salk Vaccine under the

leadership of the N.H. State Department of Health. In October the Mason School Club provided transportation for the first and second graders, who had received the vaccine the year before, to go to Milford for the second shots. In April the first shot was given to the rest of the children whose parents requested it and to the pre-school children of the community. Mrs. Marie Fahey, State Public Health Nurse and Dr. Law of Milford brought the vaccine and I assisted in arranging the clinic and the Mason School Club provided the lollipops and clerks to assist in the work. There were 52 shots given in all to the children. Word has not been received at this time as to when the second shot will be given, but no doubt it will be in the fall after school re-opens.

By means of the Snellon chart I screened the vision of the children and found that only three had loss of vision and both had been examined by their oculist, and were wearing glasses. I used the group andiometer to screen the hearing of the children in the upper five grades and hope to do all of the children with the use of the single andiometer during the coming year.

In May I attended the National Convention of the American Nurses Association as a delegate from the School Nurses Section of the NHSNA and went to Chicago for ten days. It was most stimulating and worthwhile experience, and I learned much from the meeting with other nurses in the field of school nursing.

I assisted Dr. Karr when he examined the children and kept records and sent notices to those parents whose children required medical care.

Defects found by Doctor Karr:

Obesity	5
Wax in ears	3
Enlarged tonsils	5
Enlarged thyroid gland	1

Heart murmur
Defective teeth

1
12

(ten attended the clinic)

Respectfully submitted,
SYBIL M. BEATHAM, R.N.

School Nurse

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Mason:

I respectfully submit my tenth annual report as your Superintendent of Schools.

STAFF AND INSTRUCTION

The Mason Public School opened this fall with a completely new teaching staff. Mrs. Neta Frost of Greenville, was employed to teach grades 1, 2 and 3, replacing Mrs. Elliott Barron, who resigned to accept a position in New Jersey. Mrs. Frost has been working in our school for many years as a substitute teacher. We were indeed fortunate in being able to obtain her services on a full-time basis. Mr. John Sturm, graduate of Bowdoin College, was employed to act as Principal of the building and to teach grades 4, 5, 6, 7 and 8, replacing Mr. Shea, who resigned to accept a teaching principalship in Rindge, N. H. Mr. Sturm has handled a very difficult situation very well, which indicates that although this is his first teaching position, he has demonstrated all of the qualities that make for a very competent teacher.

The increased enrollment that we experienced in the latter part of October, made it necessary for us to employ a third teacher, in the person of Mrs. Jean Sturm. Mrs. Sturm is a graduate of the University of New Hampshire and has been assigned the teaching responsibilities for grades 7 and 8, with the group being temporarily housed in the parsonage of the Mason Congregational Church.

Despite the confusion that existed the first three months of the school year, the work is moving along smoothly and effectively. The pupils and teachers have adjusted themselves well to changing conditions.

Miss Elsie Wheeler continues in her capacity as supervisor and teacher of music; Miss Sybil Beatham continues to do a fine job in supervising the health of our children, with the assistance of Dr. Wellwood.

Frank Newell continues to do a fine job of keeping our plant neat and clean and taking care of the many little tasks that make for a pleasant situation for children and teachers.

SCHOOL CENSUS AND BUILDING PROBLEM

This report will confine itself largely to a discussion of the problem of an increasing school population and education for same.

The school census of December 1955, indicated that we could expect a building enrollment of 43 pupils in September 1956. When school opened in September 1956, we found that we had an enrollment of 58 pupils, with the over-crowding taking place in the upper room. In November 1956, more pupils enrolled in our school, making the total population 66. The primary room housed 28 pupils in grades 1 - 3; and the upper room housed 38 in grades 4 - 8. This unusually large population made it impossible for effective education to take place. The sizes of both of these rooms are such that the effective capacity of each should not exceed 25 pupils.

Consequently, the Mason School Board petitioned the Superior Court for permission to hold a special school district meeting to place the problem before the voters of the district. The Superior Court, after reviewing the case, declared the Mason School District in a state of emergency and granted the petition.

The special school district meeting was held on November 28, 1956, at which time the voters raised and appropriated \$2100 for the purpose of employing an additional teacher, such sum to cover salary for a seven months' period and the district's share of the teacher retirement program; raised and appropriated \$200 for the purpose of operating additional classroom space; raised and appropriated \$200 for the purpose of equipping, and purchasing supplies for the additional classroom.

The Trustees of the Mason Congregational Church graciously granted the School District the use of the parsonage, for school purposes on a temporary basis, and also granted them permission to make minor alterations so that the rooms would make comfortable classrooms.

The new teacher, and pupils of grade 7 and 8, moved in to their new quarters on December 1, 1956. Two rooms are being used for classroom purposes; the large room as a home room station and the small room as a study and project room. Fluorescent lighting fixtures were added and the circulating oil heating unit was re-located to give as much space as possible. The room as it presently exists is crowded but as a temporary measure, works quite well. The toilet facilities in the school building are used by this group and drinking water is available to them in a thermos jug, since there is no water available in the parsonage during the winter months.

The School Board employed the services of the architectural firm of Tracy and Hildreth of Nashua, N. H., to make a study of the possible plans that could be developed to alleviate the crowded conditions and to provide more classroom space on a more permanent basis. Four plans were proposed:

1. To construct a double story wood-frame addition to the present school plant, that would provide cafeteria, kitchen, and heater space on the basement floor and class-

room, toilet facilities and storage space on the top floor. The cost of this plan would range from \$23,000 to \$24 000.

2. Renovate extensively the parsonage building, supplying central heat and plumbing and producing two comparatively large classroom spaces, adequate lavatory spaces and kitchen facilities. This cost was estimated at approximately \$18,000.

3. Renovate to a large degree the parsonage building. Provide two classrooms smaller in size than the preceding plan; include all other services. The cost for this would approximate \$16,000.

4. Renovate to a lesser degree than plan 3; provide 3 small classroom spaces without removing as many partitions, including all other services. The cost of this plan would approximate \$15,000.

The School Board, after reviewing these four plans and discussing the proposals with the Mason Church Trustees, decided to obtain estimates on renovating more simply the parsonage building, keeping in mind, that, if and when, it was no longer used as a school building it could be reconverted into a residence at a minimum cost. As a result of this study and obtaining estimates from competent carpenters and heating and plumbing men; they have come up with the proposal in Article 10, namely to borrow \$3200 to renovate and equip the lower floor in the parsonage in such a manner as to provide an approved classroom for a period of not less than five years.

The School Board plan calls for removing one wall between the space presently being used as a classroom and the hall. This would provide a classroom of approximately 18' x 19'6", or space enough to adequately seat 17 pupils. (Our projected enrollments indicate that we will not have this number in grades 7 and 8 until 1958-59. When the time comes that the number of pupils in any combination of two grades exceeds the space available, other combina-

tions of two grades could utilize the parsonage space. It is conceivable that if increased enrollment warranted it, the wall between the present hall and the room opposite the classroom presently used, could be eliminated, making available another 13'6" x 12' space or a total space available to handle adequately a total of 23 pupils); remove damp rot on timbers in cellar and reinforce all carrying joists, install new support posts, repair or renew as needed the cellar windows and bulkhead door; properly case in stair-well to second floor and install door at floor level; repatch floor; close up door between classroom and adjacent closet; cut door through present supply closet to space to be utilized as boys' lavatory; close up door between proposed boys' and girls' lavatories.

The proposed heating plant would be an oil-fired hot air system, comparable to an American Standard, with an output of 86,000 B. T. U. with eight warm air registers and two cold air returns, including cement slab for heating unit and oil tank, all piping, wiring, safety controls, stack vent, oil tank, etc.

The plumbing would consist of an extension of the school water line from in front of the parsonage into the building; an additional toilet stool and lavatory; a new 4" soil pipe vent for toilet areas; new septic tank and installation.

An additional row of fluorescent lights will need to be installed and provision has been made for the purchase of storm sash and door to conserve fuel consumption.

Included also in the figure recommended, is an item for painting and miscellaneous equipment.

ANALYSIS OF COSTS IN OPERATING PROPOSED ADDITIONAL ROOM

Following is an analysis of the estimated costs that

would be involved in operating this additional room for 1957-58:

A. Teacher's Salary	\$ 3,000.00
B. Books, etc.	50.00
C. Scholars' Supplies	50.00
D. Custodial Services	200.00
E. Fuel	250.00
F. Lights, etc.	50.00
G. Teacher Retirement (district's share)	205.00
*H. Principal Payment	
I. Interest Payment	100.00
	<hr/>
	\$ 3,905.00

* The first principal payment of \$700 would be due in July 1958, therefore would not be carried in the 1957-58 budget.

The district presently owes \$600 on the old note. This will be retired in July 1957. Since the new note would begin in July 1958, the amount raised for debt retirement in that year would be \$100 more than the district has been raising for the past several years.

When we were making the preliminary study of the renovation of the parsonage property we were informed that we would be eligible for state aid to the extent of 20% of the annual principal payments if a lease longer than the duration of the notes was negotiated with the Trustees of the Mason Congregational Church. However, further study of this situation by the State Department of Education, resulted in the decision rendered by the Commissioner of Education, and reported below.

"I have looked into the question of the eligibility of school construction projects owned by private individuals, organizations or institutions, and find that they do not qualify for school building aid. Consequently, I regret to

advise you that the proposed project in Mason which contemplates the remodeling of the Church property on the basis of a term lease would not qualify for aid."

While the aid would not have been a large amount nevertheless it is disappointing that it will not be available to us. However, the logic of the decision is clear. Therefore an analysis of the cost of the project to the Mason School District, excluding the anticipated state aid, is as follows:

	Year	Principal	Int. @ 3%
A.	1958-59	\$ 700.00	\$ 96.00
B.	1959-60	700.00	75.00
C.	1960-61	700.00	64.00
D.	1961-62	600.00	36.00
E.	1962-63	600.00	18.00
Total		\$ 3,200.00	\$ 289.00

Annual cost of project averaged over the next five years \$693.80.

COSTS RELATIVE TO SENDING GRADES 7 & 8 OUT OF TOWN ON A TUITION BASIS

At the November meeting a careful explanation was made of all avenues open to the Mason School District, for properly discharging their educational responsibilities to the pupils for whom they are responsible. The proposal of double sessions was evaluated and found to be not feasible or practical. The proposal for sending tuition pupils to Greenville was studied and it was found that their situation would not permit acceptance of our pupils. Townsend could not accept our pupils because of an over-crowded situation that they are experiencing. The only possibilities left were to send our pupils to Appleton Academy or Wilton High School, both of whom could and would accept them. Following is a study of the costs that would be involved in this solution. Since Appleton Academy is slightly nearer

to Mason than Wilton the following cost study is projected on sending our pupils to the Academy.

Year	Tuition	Costs	Transportation		
			44 mi./day for 180 days	7920 @ 30c	Total
1957-58	14 @	\$225	\$3,150	\$2,376	\$5,526
1958-59	14 @	230	3,220	2,376	5,596
1959-60	20 @	235	4,465	2,376	6,841
1960-61	20 @	240	4,800	2,376	7,176
1961-62	16 @	240	3,840	2,376	6,216
*1962-63	21 @	240	5,040	2,376	7,416
1963-64	23 @	240	5,520	2,376	7 896
1964-65	18 @	240	4,320	2,376	6,696

The above study assumes that the transportation costs will not increase over the next few years, which of course is questionable. Also this study assumes that the tuition rate will remain static after 1960-61, which of course is questionable.

It would appear that with Mason's school enrollment as indefinite as it is, the most feasible program would be one of renovating the parsonage as proposed by the School Board. This may satisfy the need for several years. If at the end of that time the census has a very definite trend upward then it would appear advisable to study the possibilities of erecting a more adequate school plant, perhaps in some area where more space is provided than the present school lot. All land in back of the school now used by the children as a playground, belongs to the parsonage property.

SPECIAL ARTICLES

Article 9, calls to the attention of the voters the necessity of authorizing the school board to negotiate a lease with the Mason Congregational Church Trustees for a period of not less than 6 years. This first step is necessary before anything else can be done. If this is voted down,

action on Articles 10 and 11 is unnecessary and the district of course will be forced to make provisions of some other nature to educate the children.

Article 10 is self-explanatory. However, you should be cautioned that this article requires a two-thirds majority vote, of those present and voting, to pass the Article.

Article 11 merely provides for the funds to pay off the interest on the notes the first year.

FINANCE

The School Board's Budget calls for an appropriation of \$23,901.41, an increase of \$1,447.97 over that of last year. The estimated assessment however, is increased by only \$1,347.97. The largest single increase is in teachers' salaries, mainly due to the addition of a full-time third teacher. It should also be noted that all of the operating costs for the additional classroom space is included in this budget.

CONCLUSION

I wish again to thank the Mason School Board, the Mason School Club and the citizens of Mason for their excellent cooperation and help this past year. It has been most gratifying.

NEWELL J. PAIRE
Superintendent of Schools

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Mason qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 15th day of March 1957, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will authorize the school board to negotiate a lease with the trustees of the Mason Congregational Church, for the use of the parsonage property for school purposes for a period of not less than 6 years, such lease to be negotiated on the basis of an annual payment of \$1.00 and other good and valuable considerations, or take any action relating thereto.
10. To see if the district will raise and appropriate the sum of \$3200 for the purpose of renovating, equipping, supplying central heating system and adequate plumbing to the parsonage of the Mason Congregational Church, so

that this building may be used for public school purposes, and to authorize the school board to issue serial notes in the name of and on the credit of the district, for said sum, in accordance with the provisions of Chap. 33, N. H. Revised Statutes Annotated, and any revisions and amendments relating thereto, subject to any state or federal grants available now or in the future and applicable to this Article; the school board to issue or negotiate such notes, and to determine payment thereof, as shall be in the best interest of the Mason School District, provided however that such notes or bonds shall be issued for a period not exceeding 5 years, or take any action relating thereto.

11. To see if the district will raise and appropriate the sum of \$100 for the purpose of paying off the first year's interest, or take any action relating thereto.

Given under our hands at said Mason this 26th day of February 1957.
